

Pregnancy and Pregnancy Reports

what?

Through the **Pregnancy** module, users can track and enter pregnant mothers receiving services from your agency including:

- general pregnancy information
- pregnancy-related PIR information
- any complications in current or prior pregnancies
- additional notes or comments

where?

- Services
- **Select Adult**
- **Participant from Participant List**
- Pregnancy

The **Pregnancy** module is displayed only when a female participant is selected in the **Participants List**.
